CORE SKILLS

Software Development

JavaScript • C# • Node.js • React • Python • Django • Express • HTML • CSS • REST APIs • JSON • MongoDB • Firebase

Microsoft & Business Systems

Microsoft 365 • SharePoint Online • Power Automate • Power Apps • Power BI • Microsoft Lists • Excel • Endpoint Management

Solution Delivery

Requirements Analysis • Workflow Design • Process Improvement • Data Validation • Testing & Troubleshooting • Documentation • User Training • Solution Architecture

Project & Operations

Project Management • Stakeholder Communication • Cross-Functional Leadership • Governance • Continuous Improvement • Technical Support • Change Management

PROFESSIONAL EXPERIENCE

Founder & Technology Consultant

Discrete Development, LLC | 2025-Present | Remote

- Design and deliver custom software, Microsoft 365 solutions, workflow automation, and business applications for clients.
- Lead solution discovery, requirements analysis, architecture, development, testing, deployment, documentation, and support.
- Develop solutions using Microsoft 365, SharePoint Online, Power Automate, Power BI, JavaScript, Node.js, C#, and browser-based technologies.
- Build validation processes, exception handling, diagnostics, and workflow controls to improve accuracy, reliability, and maintainability.
- Translate operational requirements into practical systems while minimizing unnecessary complexity and cost.
- Develop reusable software components and services supporting authentication, routing, diagnostics, reporting, and integration scenarios. [\[Kevin Wagn...Consultant | Word\]](#), [\[Kevin Wagn...per Resume | Word\]](#)

Cloud Support Specialist

Freudenberg Medical | 2021-2024

- Supported Microsoft 365 services and business applications within a global enterprise environment serving more than 1,200 users.
- Designed and maintained business solutions using SharePoint Online, Power Automate, Power Apps, and related Microsoft technologies.
- Managed multiple concurrent initiatives while gathering requirements, communicating with stakeholders, and delivering operational improvements.
- Investigated technical issues, performed troubleshooting, and provided guidance, onboarding, and support to users across multiple business functions.

- Improved process consistency and data quality through automation, structured workflows, approvals, and controlled data management practices. [\[Kevin Wagn...Consultant | Word\]](#), [\[Resume-Kevin-Wagner | PDF\]](#)

Project Manager / PMO Co-Lead

Freudenberg Medical | 2015-2021

- Co-established a Project Management Office supporting global technology and business initiatives.
- Developed governance processes, standard operating procedures, reporting structures, training resources, and project controls.
- Led multiple concurrent global SAP and business-system projects involving cross-functional teams of up to 50 participants.
- Managed project scope, requirements, schedules, risks, testing, implementation activities, and stakeholder communication.
- Served as a liaison between technical teams and business groups to support successful delivery and adoption. [\[Kevin Wagn...Consultant | Word\]](#), [\[Resume-Kevin-Wagner | PDF\]](#)

SAP Data Migration Specialist

Freudenberg Medical | 2013-2015

- Led master-data migration activities supporting global SAP implementations.
- Integrated data from ERP and non-ERP sources while developing validation methods and governance controls.
- Conducted data review, reconciliation, and quality assurance activities supporting successful production go-live events.
- Worked directly with subject matter experts to resolve inconsistencies and ensure business readiness.
- Established repeatable migration and data governance practices used throughout implementation efforts. [\[Kevin Wagn...Consultant | Word\]](#), [\[Resume-Kevin-Wagner | PDF\]](#)

SELECTED TECHNICAL PROJECTS

Impala Architecture & Impala Streamer

- Designed and developed a modular software platform utilizing JavaScript, Node.js, C#, browser technologies, authentication services, diagnostics, and local/cloud integration patterns.
- Developed systems supporting media processing, synchronized playback, user preferences, troubleshooting, and independently deployable services.
- Conducted testing across Windows, macOS, browsers, cloud environments, and resource-constrained hardware platforms.
- Developed the Impala Companion installer in C# to bridge local environments with browser-based application functionality. [\[Kevin Wagn...Consultant | Word\]](#), [\[Kevin Wagn...per Resume | Word\]](#)

Full-Stack Application Development

- Built and deployed applications using React, JavaScript, Node.js, Express, Python, Django, MongoDB, Firebase, and Netlify.
- Developed responsive user interfaces, authentication systems, API integrations, workflow automation, and business-focused applications.
- Applied accessibility, maintainability, and user-centered design principles throughout development efforts. [\[Kevin Wagn...per Resume | Word\]](#)

EARLIER TECHNICAL LEADERSHIP

Held positions including **Implementation Engineer, Chief Engineer, Technical Operations Manager, and Video Editor** supporting organizations including NBC, Cimarron Bacon O'Brien, Quark Entertainment, and New Wave / Electric Entertainment.

Responsibilities included:

- Systems implementation
- Technical troubleshooting
- Infrastructure support
- Workflow improvement

- Vendor coordination
- Training and documentation
- Operational leadership

Successfully delivered technical and operational improvements while supporting production-critical environments and increasing organizational efficiency. [\[Kevin Wagn...Consultant | Word\]](#), [\[Kevin Wagn...per Resume | Word\]](#)

EDUCATION & PROFESSIONAL DEVELOPMENT

General Assembly Full-Stack Software Development (JavaScript, React, Node.js, Express, Python, Django)

DeVry University Coursework in Business Administration, Digital Circuits, Low-Voltage Systems, and Conflict Resolution

Additional University Coursework Psychology • Mathematics • Engineering (UCSB, Santa Monica College, DeVry University)

Sony Video Institute & AVID Technology Broadcast Systems, Editing, Troubleshooting, and Applied Technology Certifications.
